Mohd Osama

Full-Stack Developer (MERN Stack)

Full-Stack Developer with hands-on experience building responsive web applications using React.js, Node.js, Express.js and MongoDB. Skilled in REST API development, API integration and database design. B.Tech Computer Science student seeking junior and entry-level full-stack developer roles in Dubai, UAE.

PROFESSIONAL EXPERIENCE

Softflew Technologies & Training Institute
MERN Stack Summer Intern

June 2025 – July 2025

- Completed a 45-day summer training covering MongoDB, Express.js, React.js and Node.js
- Developed QuickShow, a full-stack movie ticket booking application using the MERN stack
- Built RESTful APIs, integrated MongoDB and developed responsive frontend components

PROJECTS

AI Virtual Assistant
MongoDB, Express.js, React.js, Node.js

- Developed a full-stack AI assistant that understands user queries and returns replies through an external AI API
- Built a responsive React.js chat interface and RESTful APIs for registration, login and query processing
- Designed MongoDB schemas to store user data and conversation history; added loading states and error handling

Library Management System
React.js, Node.js, Express.js

- Developed a full-stack system with a React.js frontend and Node.js/ Express.js backend to replace manual record-keeping
- Built a responsive interface for adding, viewing, updating and deleting library records (CRUD operations)
- Structured the backend into routes, controllers and middleware with validation and error handling
